Des jardins au calme

Une aire de footing idéale

**Des chemins pour

A photograph of a dirt path leading through a wooded area. The path is narrow and appears to be made of compacted earth. On either side of the path, there are large, mature trees with thick trunks and bare branches, suggesting a late autumn or winter setting. Some trees have green leaves, while others are completely bare. The sky is overcast with grey clouds. In the background, a concrete structure and some utility poles are visible. The overall scene is a natural, somewhat overgrown outdoor space.
